"Breathing space"

- **Difficulty sleeping- began after father died 10 months ago (recently increasing)**
- **Restless legs, tossing and turning**
- **Have had anxiety attacks (requiring medication- haven't needed it for 6 months until recently)**
- **Fired from a job- staff liked her, boss didn't**
- **Fired from job after getting pregnant – boss couldn't use someone pregnant**

- **Marital struggles- intimacy/ control/ communicating**
- **Church issues- disheartening negative situations with several pastors saying I didn't fit the image they're looking for. One pastor solicited feedback from others I work with then told me the negative comments, but wouldn't say who it was, so I could repair the situation.**
- **Feeling incompetent and not confident in gifts God has given**
- **Fear of rejection**

Background:

- **Parents very controlling**
- **Father verbal abuse, putting down, & "cursing" over her—also telling her to do something then saying "but you won't/can't"**

Clarifications: teacher's pet in school, parents lay leaders in church- well received

Breathing problem associated with the anxiety,
Sinus problems in family

Have done masonic renunciation 4 times including yesterday

breathing space - possibly related to spiritual labels "The thought I have is that if you are in a performance box there is only so much space...when you go out in the open there is air to breathe."

"too much to handle", "too emotional", "likes the spotlight", "always has to be in control", "black sheep" (generational) "bitter"

mother's mom - although she served all her life there , no one (literally) showed up at her funeral. my mother's mom's family rejected her because she stepped out of what they wanted her to do. she was bitter.

strong pressure to comply

identify, renounce, ask Lord for any legal ground in generations or any reinforcement you have added; repent for those things; ask Jesus to come, cleanse, remove label and replace with His affirmation.

Can repent for ways parents did not affirm when their agendas weren't fulfilled. Break that and affirm you choose to honor proper parenting. You choose to affirm the gifts God has deposited in your children. Ask Him to break that curse off them and you, to restore right relationships within natural and spiritual family.

Finding legitimacy through church service; finding legitimacy in kids through how people see them instead of who He made them to be. Can renounce and align with God's view of who you are and find legitimacy in Him and committed to affirming children's legitimacy through God's eyes.

Also renounce pressure and response to that instead of following God's lead and then turn to agree with God's lead.

The pendulum is now swinging - grandfather clock pendulum. Timing is now for things that have been in the extreme one way is now moving out of negative numbers into positive numbers (forward progress and out of detriment into life-giving.

keep thinking about Jesus talking to Mary who is very busy-Mary Mary you are worried and troubled about many things but only one thing is necessary....and that "thing" is doing nothing but being present to the Lord.

suggestion: Go someplace safe.. invite Lord's presence and just practice being alive without earning a place/approval/attention. just breathe.

God's perspective: Words of affirmation and His good pleasure - shine your light and burn out the old and replace with this deposit of your Truth in spirit and soul; remove the residue of the old and help her to appropriate your blood and as you speak these words, that there would be a true renewal of her mind.

"life-giver", "resplendant shining one", "His good pleasure", "sufficient", "child of Mine", "fearfully and wonderfully made, sung over by the Holy Spirit while your personality and physical shape were being formed", "lover", "jewel in His kingdom", "blessed one, chosen one, one whom I adore", "endlessly faceted", "bride", "fragrant flower", "perfect dove", "pure", "fully acceptable and pleasing in His sight"

Memerizing Spirit: (see page 7) or link from website - enemy shifts focus; hiddenness when you are obvious choice; people see you through an un-Godly focus (cannot see the way He sees, the truth about you). Also, honor where honor is not due...

Seems to be triple whammy at play - victim spirit and mantle of invisibility along w/mesmerizing.

Victim spirit says it's too hard; mantle of invisibility causes you to fold inward, not want to be seen.

Ask God to shine His light and hold it there long enough so everybody sees what He sees. Start with the victim spirit. Download booklet and work through that.

Repent for any way you have given honor where not due, and look for generationally where family gave honor where not due. (ie: masonic leaders and gods)

Mantle of Invisibility - legal ground = wishing to be someone else, shrinking spirit, not wanting to be around, not wanting to be noticed, wishing never been born, suicidal, fantasies, behaviors, etc.

Repent and ask God to help you grow in your capacity (and to cover you w/blood of Jesus while growing) to be present in the pain/difficult circumstances.

Thought: Exercise in repenting, renouncing and making statement to align w/God and helps appropriate blood of Jesus.

Possible inner vows: wrong responses to legitimate wound. ie: "I will never... ", "I'll try harder and you will these can be "read" on our spirits and dq us in different situations.

- "I have to go the extra mile", "If it's not going my way, I'm not doing it at all", "I don't want to do this any more"
"Sex is not worth it w/you any more."

renounce and repent, ask God to help you align w/His truth, that is what you want; proclaim the truth.
I can fail forward, it's worth doing b/c everything is Father-filtered.

Bless your spirit, husband's spirit, ask God to meet on a spirit level. (takes soul hurts out of the equation)
 Arthur Burk blessings for sex life. Think of things sex life is lacking. Bless his spirit's capacity to reflect the fruit of the spirit in your intimate relations - ie: patient with each other as growing in ability to be relationship; patience in overcoming wounds/hurts; patience as learning for spirits to be forward and present in intimacy; bless each other to speak kind words over each other and Spirit of Kindness to flow over each of you in words, actions, view of each other; capacity to be gentle in word and deed; physically gentle and sensitive to each others responses; bless each other to be faithful to each other, that hearts would grow in capacity not only in actions and words, but also in heart; that God would strengthen ability to be faithful to each other, even when faithless (Him to work all things to bring good/restoration); self control w/tongue, responses when hurt.

Moabite Curse: (Servant gift) causes those in authority over you to hold you back instead of building a platform under you as they should. Victim spirit adds extra umph. Blocked from growth and expansion. Time not respected. Chastised for not meeting expectations, but expectations not shared, even when asked. One way relationships.

Legitimacy lie: I am legitimate when my seed is successful. (Reinforced by parents; generational line)

Look under servant gift in archives (redemptive gift teachings) - repentance exercise in there.

**Trauma: being pushed down, can cause lack of essence (spirit was locked in, not able to breathe)
Once legal ground is removed (obstacles), can receive from God what need to allow your spirit to grow and develop, but isn't automatic. Learning curve. Ask God to enlarge capacity and do any residual healing so be fully present and fully forward.**

Bless spirit to be able to give and receive love from the Lord

behalf of church leaders who chose to default to reading your spirit and coming into alignment with the lies
sidue of lies spoken over you instead of takin the extra effort to acknowledge the deposit that God has
not providing a platform for your success, for those who blocked you, and came into alignment with the
d you instead of the truth of who you are!
