

## **Mantle of Invisibility**

(notes from Arthur Burk's teachings [www.plumblineministries.com](http://www.plumblineministries.com))

Commanding presence of those walking into room—can project your spirit in a commanding way (fighter pilots)

Opposite of that is mantle of invisibility—embraced voluntarily (usually as a child)  
Unsafe for child to be visible

- Unwanted pregnancy (mother trying to hide pregnancy)
- Homes with parental anger (less apt to get attacked)
- Molestation- child will wish didn't exist
- Dysfunctional marriage- “if only I hadn't been born”
- Anything where you wish you weren't seen

Beliefs, proclamations, thoughts, vows can produce this mantle of invisibility

Markers of mantle of invisibility

- In ministry lines- skipped right over by those ministering
- People look right through you as if you didn't exist
- Not noticed for what doing
- In conversation, not acknowledged when contribute something worthwhile
- Not chosen to participate in something when you are the obvious choice

Break vows, proclaim that ***it is alright to have an identity, a destiny and to be seen by men/by men of God, by spiritual giants.***

As this mantle dissolved—you will be included in new ways—celebrate this as it happens  
Practice opening spirit up to others,-- extend blessings with your spirit to those standing ahead of you

Normative to have a spirit that reaches out

Practicing the presence of the Father—being in His presence and extending your spirit to His.
