Why was the dreamer given the dreams?

to keep the dreamer in true intimacy, not self gratification
to help her see she needs a new way to use the gift
to help her learn to use the gift appropriately

invitation from God to seek that wisdom and understanding-- doesn't give the answers in the dream!

What does the dreamer need to do (or stop doing) /learn/ or address to "get off the bus?"

learn how to use mercy gift in an appropriate way that is productive-- reproduces-- in a fruitful way
healthy boundaries
be careful not wear herself out! (having a lot of encounters!)

Note that many times when people have shocking sex dreams, it is an indicator that they have an intimate relationship with God-- and He values "partnering" only with Him-- so He gives the more graphic dreams to get your

What would you say to the dreamer?:

"You were very brave to submit this dream!" "this is not about your son!" (dreamer will need that assurance)

You have to do what's best for spiritual development of others and yourself...not self gratification...or a quick fix for others.

Feedback: shares the essence-- be careful of telling people what they "need" to do. Best to keep it as an invitation- as that is what God does with us.

This dream is about your mercy gifting and new areas of evangelism . Invitation to seek God for wisdom to develop healthy boundaries.

Feedback: nice way of including the mercy gift, and invitation to new boundaries

Dreamer these dreams are letting you know your gift of mercy is wearing you out- you need to seek the Lord for wisdom and understanding on how to be fruitful in it with out it wearing you out

Feedback: wearing self out not specifically addressed in the dream-- probably received thru revelation, since not specifically addressed in the dream, you could say that the pattern in the dream could lead the dreamer to become worn out

Your dream reveals that you are in a process of learning to use your mercy gifting. You are realizing that some of the ways you have been operating in it are not truly productive or healthy for you or others. God gave you this dream as an invitation to seek His wisdom in how to appropriately use it in a way that will honor you and others better - use your gifting

Feedback: very nice! I like how you talked about the dreamers process of learning how to use her gift, bringing in the dreamers own growing revelation that it is unhealthy and giving her a nugget on what to seek God's wisdom for

You've gradually become aware that you've using your gift in a way that's gratifying but not healthy. God is inviting you to grow in your gift of mercy - learning healthy boundries and the patience it takes to be fruitful in every good work.

Feedback: nice wording, very encouraging, included word play on patients/patience,

note how everyone's interpretation highlights different aspects of the dream-- pretty cool-- it really reveals a lot about their own giftings and process! (you can almost tell the primary gifting of the person by looking at their interp!)
