

On the landing of the second or third floor I stopped because I saw two children on that floor. The lights were out on that floor. It was almost time for the next shock - if I didn't get them I could just get out before it happened, if I did get them I'd have to keep my balance and avoid falling over etc. I knew I needed to grab them and try to get them out even though it would mean I would have less time to get out. I ran onto that floor, grabbed them out from under some collapsed wooden beams and rubble.

others impacted- friends

I got back in the stairwell with both kids and ran for it. The building almost tipped over. Amazingly, it righted itself. I wasn't sure if the structure was safe anymore (though it seemed fine), or if the quake was going to continue. When I walked out, I was on the land that my old school (named Christian Life School...ha ha.) was on. My mom and her friend Michelene were there. Mich's twin girls (teens - my sister's friends) Nettie and Kirsten were just walking out of the building too. It seemed like they might've been going back in and out to get their stuff. They were really pumped, because it was kind of a rush. I had considered doing it - it was the kind of thing where you had a pretty good chance of making it back out. However, I knew it wasn't worth the risk.

### What would you title the dream series?

(helps to unlock the essence of the dreams)

"Shakey structures" "Shakey" "Instability" "I'm all shook up!" "Shaken, but not stirred"

New titles: "everything that can be shaken will be shaken!" when things get "shakey" be careful where you land

### Who or what is the dream for?

(For the dreamer? For Intercession? Prophetic message for a group? Etc.)

For dreamer and for intercession

### Recurrent themes:

structures falling, dreamer trying to help others out

### Compelling Dream Elements: (follow the revelation!)

structures collapsing or nearly collapsing- instability of the buildings

1st dream-- how dreamer's life and gifts are impacted, (impacts natural children as well)

2nd dream-- generational level, larger church spiritual community history/inheritance/DNA

3rd dream-- local spiritual community

how affecting local body-- dreamer discerning "don't go back in"

tells us root  
issue

"old man" (2nd dream)- CARNAL! -- unrenewed mind- ugliness!! Romans 6:6

shack/ dairy not producing milk-- religion-- the carnal man can only produce religion!

everyone in the dream together saying "its Gary, Its the Dairy"--

Gary indiana-- murder capitol of the united states, colossal failure of human designed greatness

name Gary means "spear" -- "something man has "spearheaded" "fall on your spear!"

they are basically yelling "it is your negative spiritual inheritance!"- it is the source of the instability-- the root of the problem
