epic miniseries!

detoxing from the old time religion!

"get a new plan stan!"
 "get out of the shack, jack!"
 "and set yourself free!"

Why was the dreamer given the dreams?

invitation to seek new structures--

structure of dreamers individual life (1st dream)- reference to literal generational issues too

mindsets-- ways of thinking (2nd dream) religious structure

bad "DNA" structure of spiritual community

relationships- (3rd dream- but also in 2nd dream) not able to discern what is safe and what is coming down

What does the dreamer need to do (or stop doing) /learn/ or address to "get off the bus?"

"old school" not good

Get a solid foundation, -- God's foundation

getting back to the "ground level" in her christian life verses "old school" (landed on old school land)- metaphor works both ways

purify the land

Class Interpretations:

Your dreams reveal that all the spiritual structures you are familiar with are being shaken and shown unsafe. This is affecting you and those around you on many levels, including your giftings, your family, your spiritual community and religious structures. At this point, you may not be sure what structures are safe. God gave you these dreams as an invitation to seek His wisdom and insight for the needed healing, grounding and rebuilding.

Feedback: Wow! --- excellent interp- really pulled it all together.

Additional comments-

Dreamer is in a major transition- "every thing that can be shaken will be shaken"

Dream points to major transition but encouragement that you have discernment about the pitfalls and people

The GARY, Dairy suggests generational issues may be affecting-invitation to seek God for healing- very powerful when EVERYONE says the same thing over and over
